Issued: 05/15/03 Effective: 06/17/03

By Craig W. Donaldson, Vice President & General Counsel
1601 Dry Creek Drive, Longmont, Colorado 80503

Amended Advice Letter No. 3 Decision No.
1.1 APPLICATION OF TARIFF

1.1.1 This Tariff contains the regulations, terms, conditions, and maximum rates and charges applicable to intrastate exchange and networks services and equipment furnished by Intrado Communications Inc., hereinafter referred to as ICI or the Company.

1.1.2 The Company's services are available to Business Customers, Public Agencies, Local Exchange Carriers, Wireless Service Providers and Telematics Service Providers.

1.1.3 The Company's Colorado service territory is statewide.

1.1.4 Service is available where facilities permit.
1.2 TARIFF FORMAT

1.2.1 LOCATION OF MATERIAL

1.2.1.1 Section 1 provides the following sections in this Tariff:
- Subject Index – an alphabetical listing to find the desired section.
- Table of Contents – a numerical listing to find the desired section and page.

1.2.1.2 Each individual section in the Tariff provides a Subject Index for the material located within that section.

1.2.1.3 Obsolete Service Offerings

Obsolete service offerings are identified in the Tariff by adding 100 to the current section number, i.e., obsolete items from Section 5, will be found in Section 105. This section is then filed behind Section 5.

1.2.2 OUTLINE STRUCTURE

Paragraph Numbering Sequence - There are various levels of alphanumeric coding. Each level of coding is subservient to its next higher level. The following is an example of the numbering sequence suggested for use in tariffs.

2.1
2.1.1
2.1.1.1
2.1.1.1.1
1.2.3 SHEET NUMBERING

Sheet Numbering - Sheet numbers appear in the upper right corner of the page. Sheets are numbered sequentially. However, new sheets are occasionally added to the Tariff. When a new sheet is added between sheets already in effect, a decimal is added. For example, a new sheet added between sheets 14 and 15 would be 14.1.

1.2.4 SHEET REVISION NUMBERS

Sheet Revision Numbers - Revision numbers also appear in the upper right corner of each page. These numbers are used to determine the most current sheet version on file with the Department. For example, the 4th revised Sheet 14 cancels the 3rd revised Sheet 14.

1.2.5 RATE TABLES

Within rate tables, four types of entries are allowed:

- Rate Amount
  The rate amount indicated the dollar value associated with the service.

- A dash "-"
  The dash indicates that there is no rate for the service or that a rate amount is not applicable under the specific column header.

- A footnote designator "[1]"
  The footnote designator indicates that further information is contained in a footnote.

- ICB
  The acronym "ICB" indicates that the product/service is rated on an individual case basis.

1.5 CHECK SHEETS

Check Sheets: When a tariff filing is made with the Colorado Public Utilities Commission, an undated check sheet accompanies the tariff filing. The check sheet lists the sheets contained in the tariff, with a cross reference to the current revision number. When new pages are added, the check sheet is changed to reflect the revision. All revisions made in a given filing are designated by an asterisk (*). There will be no other symbols used on the check sheet if these are the only changes made to it (i.e., the format, etc. remains the same, just revised revision levels on some pages). The tariff user should refer to the latest check sheet to find out if a particular sheet is the most current on file with the Colorado Public Utilities Commission.

THE PUBLIC UTILITIES COMMISSION
FILED
JUN 6 2003
STATE OF COLORADO
2.1. DEFINITION OF TERMS

9-1-1
A three-digit telephone number used to report an emergency situation requiring a response by a public agency such as a fire department or police department.

9-1-1 Failure or Outage
A situation in which 9-1-1 calls cannot be transported from the end user to the Public Safety Answering Point (PSAP) responsible for answering the 9-1-1 emergency calls.

Access Line
An arrangement from a local exchange telephone company or other common carrier, using either dedicated or switched access, which connects a Customer's location to ICI's location or switching center.

Authorized User
A person, firm, or corporation which is authorized by the Customer or joint user to be connected to the service of the Customer or joint user, respectively. An authorized user must be specifically named in the application for service.

Automatic Numbering Identification (ANI)
A type of signaling provided by a local exchange telephone company that automatically identifies the local exchange line from which a call originates.

Automatic Location Identification (ALI)
The automatic display, on equipment at the PSAP, of the location of the caller's telephone number, the address for the telephone, including non-listed and non-published numbers and addresses, and other information about the caller's location.

Basic Emergency Service
A Part 2 telecommunications service (§ 40-15-201(2)(b), C.R.S.) permitting the use of the basic local exchange network and the three-digit number 9-1-1 for reporting police, fire, medical, or other emergency situations to a PSAP and referral to a public agency. Basic emergency service does not include discretionary equipment purchased by, or contracted for, governing bodies but not essential to the provision of...
9-1-1 or E9-1-1 service.

Basic Emergency Service Provider (BESP)
Any person certificated by the Commission pursuant to Rule 3 of 4 CCR 723-29, to aggregate and transport 9-1-1 or other emergency calls from the basic local exchange carrier to a governing body.

Basic Local Exchange Carrier
Any person holding a Certificate of Public Convenience and Necessity issued pursuant to the Rules Regulating the Authority to Offer Local Exchange Telecommunications Services of the Commission to provide basic local exchange service whether as a facility-based carrier or as a reseller.

Basic Local Exchange Service or Basic Service
The telecommunications service that provides a local dial tone line and local usage necessary to place or receive a call within an exchange area and any other services or features that may be added by the Commission under § 40-15-502(2), C.R.S., and as defined in the Commission's Rules Regulating Telecommunications Service Providers and Telephone Utilities found at 4 CCR 723-2.

Bit
The smallest unit of information in the binary system of notation.

Building
A structure occupied by one or more Customers.

Campus
A group of two or more buildings or spaces located on a single owned continuous or contiguous property.

Central Office (CO)
A switching unit providing telecommunication services to the general public, designed for terminating and interconnecting lines and trunks. More than one CO may be located in a building.

Central Office Line
See "Exchange Access Line."
Certified Telecommunications Provider
Providers of telecommunications local exchange service who are certified with the Colorado Public Utilities Commission as a Local Exchange Services Provider.

Common Carrier
An authorized company or entity providing telecommunications services to the public.

Company
Refers to Intrado Communications Inc.

Customer
A person, firm, corporation, or governmental agency responsible for paying the telecommunication bills and for complying with the rules and regulations of the Company.

Dedicated
A facility or equipment system or subsystem set aside for the sole use of a specific Customer.

Demarcation Point
The point of interconnection between the Company's regulated telecommunications facilities and terminal equipment, protective apparatus or wiring at the premise. The demarcation point location will be within twelve inches (12) of the protector, or when there is no protector, within twelve inches (12) (or as close as practicable) of the point at which the cable/wire enters the Customer premises.

Duplex Service
Service which provides for simultaneous transmission in both directions.

E9-1-1 Features
The ANI, ALI database and selective routing capabilities and all other components of an E 9-1-1-1 system, not including the transport and switching facilities.

E9-1-1 Facilities
The facilities provided by the basic emergency service provider that interconnect to the wireless providers, certificated basic local exchange carriers, and other services.
that are used to transport E9-1-1 and other emergency calls to the PSAP. The facilities may include the use of E9-1-1 tandem switches or direct trunking of E9-1-1 calls to the PSAPs.

E9-1-1 Tandem or 9-1-1 Selective Routing Tandem
The switch that receives E9-1-1 calls from the originating local exchange central offices, employs the ANI information associated with such calls from the originating central office, determines the correct destination of the call, and forwards the call and the ANI information to that destination.

E9-1-1 Trunks
The facilities that connect from the central office serving the individual telephone that originates a 9-1-1 call to the E9-1-1 tandem and connect the tandem to the PSAP. These may include, but are not limited to, point-to-point private line facilities. Common or shared facilities also may be used subject to the provisions of these rules.

Emergency Communications Network (ECN)
A telephone network consisting of automated and manual call processing steps used to aggregate, transport and deliver emergency calling information to the appropriate 9-1-1 Selective Routing Tandem or PSAP.

Emergency Telephone Service
A telephone system using the three-digit number 9-1-1 to report police, fire, medical or other emergency situations.

End User
The term "End User" denotes any Customer of an intrastate telecommunications service that is not a carrier.

Enhanced 9-1-1 (E9-1-1)
An emergency telephone service that includes ANI, ALI (including non-listed and non-published numbers and addresses), and (optionally) selective routing, to facilitate public safety response.

Entrance Facilities
Those facilities from the property line to the point at which the cable enters the premises and terminates at the protector.
Facilities
Central office equipment, supplemental equipment, apparatus, wiring, cables (outside plant) and other material and mechanisms necessary to or furnished in connection with the services of the Company.

Fiber Optic Cable
A thin filament of glass with a protective coating through which a light beam carrying communications signals may be transmitted by means of multiple internal reflections to a receiver, which translates the message.

Geographic Area
The area such as a city, county, municipality, multiple counties, or other areas defined by a governing body or other governmental entity for the purpose of providing public agency response to 9-1-1 calls.

Governing Body
A board of county commissioners of a county or the city council or other governing body of a city, city and county, or town or the board of directors of a special district.

Holiday

Individual Case Basis (ICB)
A service arrangement in which the regulations, rates, charges and other terms and conditions are developed based on the specific circumstances of the case.

Inside Wire
Wiring located on the building owner's/Customer's side of the demarcation point. Such wiring is deregulated. Installation and maintenance of Inside Wiring is the responsibility of the Customer or premises owner.

Local Access and Transport Area (LATA)
A geographical area established by the U.S. District Court for the District of Columbia in Civil Action No. 82-0192, within which a local exchange company provides communications services.
Local Exchange Service
The furnishing of telecommunications services by a Local Exchange Provider to a Customer within an exchange for local calling. This service also provides access to and from the telecommunication network for long distance calling. The Company is not responsible for the provision of local exchange service to its Customers.

Master Street Address Guide (MSAG)
The file of street names and ranges defining emergency service agencies particular to a telephone number.

Maintenance of Service
Maintenance of Service (Trouble Isolation) denotes an occurrence of a visit to a Customer's premises in connection with a service difficulty when it is determined that the difficulty is due to a condition in Customer-provided facilities, terminal equipment, a communication system or for Customer-maintained premises wire. When a Maintenance of Service visit is made, Premises Work Charges will apply.

Mbps
Megabits, denotes millions of bits per second.

Minimum Point of Entry
The closest practicable point to where regulated facilities of the Company cross a property line or enter a building.

National Emergency Number Association (NENA)
An international not-for-profit organization whose purpose is to lead, assist, and provide for the development, availability, implementation and enhancement of a universal emergency telephone number or system common to all jurisdictions through research, planning, publications, training and education.

Network Control Signaling
Transmission of signals used in the telecommunications system which perform functions such as supervision (control, status, and charging signals), address signaling (e.g., dialing), calling and called number identification, audible tone signals (call process signals indicating reorder or busy conditions, alerting tones) to control the operating of switching equipment in the system.

Network Facilities
All Company facilities from the central office up to and including the Standard
Network Interface at the demarcation point.

Non-listed service
Telephone numbers that are not published in the telephone directory but are available through directory assistance.

Non-published service
Telephone numbers that are neither published in the telephone directory nor available through directory assistance.

Nonrecurring Charge
A charge associated with a given service or item of equipment which applies on a per service and/or a per item basis each time the service or item of equipment is provided or changed.

Pseudo Automatic Number Identification (pANI)
The pseudo number associated with Non Call Path Associated wireless 9-1-1 call delivery and used for query into routing databases.

Person
Any individual, firm, partnership, copartnership, limited partnership, joint venture, association, cooperative organization, limited liability corporation, corporation (municipal or private and whether organized for profit or not), governmental agency, state, county, political subdivision, state department, commission, board, or bureau, fraternal organization, nonprofit organization, estate, trust, business or common law trust, receiver, assignee for the benefit of creditors, trustee, or trustee in bankruptcy or any other service user.

Premises
See “Same Premises.”

Premises Work Charge
A time-sensitive one-time charge that applies to Customer requested work done by the Company on the Customer's side of the Network Interface.

Private Branch Exchange (PBX) Service
An arrangement which comprises manual and/or automatic common equipment, wiring and station apparatus, and which provides for interconnection of main station lines associated with an attendant position and/or common equipment located on the
Customer's premises or extended to another premises of the same Customer.

**PBX Service**
This service provides for centralized processing of exchange access by stations through groups of Central Office trunks, WATS lines, etc., or with other communication systems through voice circuits connected to the common equipment. Interconnection between stations through the common equipment is an inherent feature of the service.

**Protector**
An electrical device located in a central office, a Customer premises or anywhere along the telecommunications facility path. This device protects both the Company's and the Customer's property and facilities from high voltages and surges in current.

**Public Agency**
Any city, city and county, town, county, municipal corporation, public district, or public authority located in whole or in part within this state which provides or has the authority to provide fire fighting, law enforcement, ambulance, emergency medical, or other emergency services.

**Public Safety Answering Point (PSAP)**
A facility equipped and staffed to receive 9-1-1 calls from the basic emergency service provider. PSAPs operate under the direction of the governing body and are responsible to direct the disposition of 9-1-1 calls.

**Reseller of Basic Local Exchange Service (Resellers)**
For the purpose of this Rule, a reseller of basic local exchange service is providing basic local exchange service.

**Routing**
The central office programming required to transport a 9-1-1 call to the correct 9-1-1 Tandem.

**Same Premises**
All the space in the same building in which a Customer has the right of occupancy to the exclusion of others or shares the right of occupancy with others; and all space in different buildings on continuous property, provided such buildings are occupied solely by one Customer. Foyers, hallways, and other space provided for the

Amended Advice Letter No. 3
Decision No.
common use of all occupants of a building are considered the premises of the operator of the buildings.

**Shared facility**
A facility or equipment system or subsystem which can be used simultaneously by several Customers.

**Selective Routing**
The capability of routing an E9-1-1 call to a designated PSAP based upon the seven-digit or ten-digit telephone number of the subscriber dialing 9-1-1.

**Selective Routing Tandem**
A Central Office switch or other electronic switching device equipped with a software program allowing the switch to function as an E9-1-1 switching point with connections to PSAPs.

**Standard Network Interface (SNI)**
A standard Federal Communications Commission (FCC) registration jack or its equivalent, which is provided, installed, owned and maintained by the Company at the Customer's premises. The SNI is placed at the point on the Customer's premises where all premises services are connected to the telecommunications network via Company or Customer owned facilities/wire.

**Supporting Structure**
Consisting of, but not limited to, pipes, conduits, risers, poles, trenches, backboards, plenum spaces, etc., as required for the physical placement, protection and support of telecommunications facilities. These structures are furnished, installed and maintained at the expense of the premises owner for use by the Company in terminating regulated facilities.

**TDD/Text Phone**
A telecommunications device for use by deaf persons that employs graphic communication in the transmission of coded signals through a wire or radio communication system.

**Telecommunications Device for the Deaf (TDD)/Text Phone Emergency Access**
Provides 9-1-1 access to individuals that use TDDs and computer modems.
Telecommunications Service Priority (TSP)
Denotes the regulatory, administrative, and operational system developed by the federal government to ensure priority provisioning and/or restoration of National Security Emergency Preparedness (NSEP) telecommunications services. The FCC defines NSEP telecommunications services as those services which are used to maintain a state of readiness or to respond to and manage any event or crisis, which causes or could cause harm to the population, damage to or loss of property, or degrades or threatens the NSEP posture of the United States.

Telecommunications Relay Services
These services provide the ability for hearing- or speech-impaired individuals to communicate, by wire or radio, with a hearing individual in a manner that is functionally equivalent to communication by an individual without a hearing or speech impairment. This definition includes telecommunication relay services that enable two-way communications between an individual who uses a TDD or other non-voice terminal device and an individual who does not use such a device.

Telematics
Personal safety devices utilizing a combination of electronic sensors, wireless communications technologies, and location determination technologies to signal or notify Telematics service providers when assistance is required. While Telematics devices are used for non-emergency purposes such as roadside assist or concierge services, navigation assistance, and vehicle tracking, the services described herein are specifically designed to facilitate the delivery of emergency Telematics calls to the appropriate responding agencies where facilities permit.

Wire Center
The building which houses the local switching equipment (central offices) from which exchange and private line services are furnished and where cable facilities are terminated which furnish telephone service within a designated wire center serving area.

Wire Center Serving Area
The area of the exchange served by a single wire center.
2.2. ESTABLISHING AND FURNISHING SERVICE

These regulations are added to those pertaining to specific service items in other sections. Any change in rates, charges or regulations approved by appropriate governmental authority modifies all service terms and conditions unless otherwise specified in writing pursuant to an ICB agreement, the following terms and conditions will apply to the services.

2.2.1. APPLICATION FOR SERVICE

2.2.1.1. Applications for establishment of service must be made to the Company in writing. These applications become contracts upon approval by the Company and the customer or the establishment of the service, and shall be subject at all times to the lawful rates, charges and regulations of the Company.

2.2.1.2. Requests from Customers for additional service or equipment must be made in writing and, upon approval of installation of the service, become a part of the original contract, except that each additional item is subject to the appropriate Tariff rates, charges and initial contract period, if any.

2.2.1.3. Any change in rates, charges or regulations authorized by the legally constituted authorities will act as a modification of all contracts to that extent without further notice.

2.2.2. REFUSAL OF SERVICE

The Company reserves the right to refuse an application for service made by a present or former Customer who is indebted to the Company for service previously furnished, until the indebtedness is satisfied.

Issued: 05/15/03 Effective: 06/17/03

By Craig W. Donaldson, Vice President & General Counsel
1601 Dry Creek Drive, Longmont, Colorado 80503

Amended Advice Letter No. 3 Decision No.
2.2.3. CANCELLATIONS AND DEFERMENTS

When the Company advises a Customer that ordered services are available on the requested due date, and the Customer is unable or unwilling to accept service at that time, the facilities will be held available for the Customer for a 30 business day grace period. If after 30 business days the Customer has still not accepted service, regular monthly billing for the ordered services may begin, or the facilities will be released for other service order activity, and cancellation charges (non-recurring charges that would have applied had the service been installed) may be applied. These cancellation and deferment provisions apply to requests for all Company services.

2.2.4. USE OF SERVICE

2.2.4.1. Customer service will be furnished to business Customers for:
- The Customer;
- The Customer’s employees and representatives;
- Customers who share the Company’s service;
- Joint users of Company provided services.

2.2.4.2. ICI’s services may be used for any lawful purpose consistent with the transmission and switching parameters of the telecommunications facilities utilized in the provision of ICI’s services.

2.2.4.3. ICI’s services are available for use twenty-four (24) hours per day.

Amended Advice Letter No. 3

THE PUBLIC UTILITIES COMMISSION
FILED
JUN 06 2003
STATE OF COLORADO
2.2.5. **OBLIGATION TO FURNISH SERVICE**

2.2.5.1. The Company's obligation to furnish service or to continue to furnish service is dependent on its ability to obtain, retain, and maintain with just and reasonable earnings, suitable rights and facilities, and to provide for the installation of those facilities required to the furnishing and maintenance of that service. At the option of the Company, in managing its facilities, certain regular service restrictions may be temporarily imposed at locations where new or additional facilities being constructed are not readily available to meet service demands.

2.2.5.2. When connections are requested and facilities to provide the required connections at the CO normally designated to serve the premises of the Customer are inadequate, facilities may be furnished from another CO to provide the requested interconnection. Under such circumstances additional monthly rates and installation charges will apply.

2.2.6. **LIMITED COMMUNICATION**

The Company reserves the right to limit use of its services when emergency conditions arise that cause a shortage of facilities.

2.2.7. **RESALE/SHARING OF SERVICE**

Service on Customers' premises furnished by the Company shall not be used for performing any part of the work of transmitting, delivering, or collecting any message where any toll or consideration has been or is to be paid any party other than the Company, without written consent of the Company.
2.2.8. TERMINATION OF SERVICE – COMPANY INITIATED

The Company may terminate service, with notice, due to:

2.2.8.1. Nonpayment

2.2.8.1.1. The Company may, by notice in writing to the Customer, in accordance with paragraph 2.3.2.9, suspend or terminate the service for nonpayment of any sum due the Company.

2.2.8.1.2. Exception: The Company may not use its purchase of a Customer's indebtedness, i.e., the accounts receivable from another telecommunications service provider as a basis to deny or discontinue providing its services to that Customer.

2.2.8.2. Abandonment
In the event of the abandonment of the service of the Company may terminate its service.

2.2.8.3. Abuse
Use of service that interferes with another Customer's service or that is used for any purpose other than its express intended purpose, or if a Customer or user causes or permits any signals or voltages to be transmitted over ICI's network in such a manner as to cause a hazard or to interfere with services to other ICI Customers.

2.2.8.4. Fraud
Abuse or fraudulent use of service includes the use of facilities of the Company to transmit a message or locate a person otherwise to give or obtain information, without the payment of a toll charge. The Company reserves the right to discontinue or refuse service because of fraudulent use of its service.

2.2.8.5. Unlawful Use of Service
The service is furnished subject to the condition that it will not be used for an unlawful purpose. Upon request of an order from a court, acting within its jurisdiction, advising that such service is being used or will be used in violation of law, service will be discontinued.

Issued: 05/15/03
Effective: 06/17/03

By Craig W. Donaldson, Vice President & General Counsel
1601 Dry Creek Drive, Longmont, Colorado 80503

Amended Advice Letter No. 3
Decision No.
2.2.8.6. Violation of Tariff
Any other violation of the regulations of the Company or this Tariff, the Company may in its sole discretion, without notice, either suspend service or terminate the service without suspension.
2.2.9. SPECIAL SERVICES

2.2.9.1. General

2.2.9.1.1. The rates and charges quoted in the Tariffs of the Company contemplate the use of service arrangements, equipment and facilities in quantities and types regularly furnished by the Company. Where equipment, facilities, or service arrangements are requested which are not provided for in the Company’s applicable Tariffs, monthly rates and one-time charges, such as nonrecurring and construction charges, will apply based on the circumstances in each case.

2.2.9.1.2. These special equipment and service items will be provided whenever, in the judgment of the Company, there is a valid reason for providing the service requested. In such cases, the Company reserves the right to require an initial contract period commensurate with relevant circumstances.

2.2.9.1.3. The rates and charges specified contemplate that work will be performed during regular working hours and that work once begun will not be interrupted by the Customer. If, at the request of the Customer, work is performed outside of regular working hours, either to meet the Customer’s convenience or because the time allowed is insufficient to permit completion during regular hours or if the Customer interrupts work which has begun, the Customer may be required to pay any additional costs incurred.

2.2.9.1.4. The rates and charges quoted in the Tariffs of the Company contemplate the use of standard procedures and practices for furnishing service, equipment and facilities. Where the Customer requests special procedures or practices, such as expedited material handling or shortened installation intervals through the use of overtime, etc., additional rates and charges will apply based on the circumstances in each case. These special practices or procedures will be provided at the discretion of the Company, depending upon each individual case.
2.2.10. Promotional Offerings

2.2.10.1. Nonrecurring Charges
During specific promotional periods, the offer may be made to reduce nonrecurring charges on a non-discriminatory basis. Each such offer shall be briefly described in a sequentially numbered informational letter to the Commission on seven days notice.

2.2.10.2. Recurring Rates and Charges

For the purpose of encouraging Customers to try different telecommunications services, the Company may offer promotional programs. The purpose of these programs is to waive or reduce recurring rates or charges to introduce present or potential Customers to Intrado Communications Inc. product(s) or service(s) not currently being received by the Customer. The Company may also offer incentives or other benefits to Customers to encourage the purchase or retention of any such service or product. Any such offers will be made on a non-discriminatory basis but are subject to service and facility availability and are subject to Commission rule requirements and state statutes.
TERMINATION OF SERVICE – CUSTOMER INITIATED

2.2.11.1. Initial Contract Period

2.2.11.1.1. An initial contract period of one year will apply unless otherwise specified.

2.2.11.1.2. Where service is disconnected and subsequently reestablished at the same location for the same or a different Customer, a new initial contract period will apply, whether or not the equipment has been removed.

2.2.11.1.3. Where the provision of service requires unusual costs or involves special assemblies of equipment, or where the provision of service requires construction of facilities for possible short term use, the Company reserves the right to require an initial contract period longer than one year in addition to any construction charge that may be applicable.

2.2.11.2. Charges for Termination of Service

2.2.11.2.1. Nonrecurring charges do not apply to disconnect service unless otherwise specified.

2.2.11.2.2. After the expiration of the initial contract period, service may be terminated upon reasonable advance notice to the Company and payment of all charges due to the date of termination of the services.

2.2.11.2.3. Prior to the expiration of the initial contract period, service may be terminated upon reasonable advance notice to the Company and upon payment of the termination charges hereinafter provided, in addition to all charges for the period service has been rendered.

2.2.11.3. Service Involving Unusual Cost

Where the provision of service requires construction of facilities for possible short term use, or involves unusual costs or special assemblies of equipment, the initial contract period and termination charge base will be determined by the Company in each individual case.
2.2.11.4. Termination Liability

Services provided via service agreements will be subject to Termination Liability.

2.2.11.4.1. Definitions

**Minimum Service Period**
When services are provided under a service agreement, a Minimum Service Period may be established. This would be the period of time that the 100% factor of the Termination Liability Charge would apply.

2.2.11.4.2. Complete Disconnect

If the Customer chooses to completely discontinue service, at any time during the term of the agreement, a termination charge will apply. The termination charge will be determined on an individual case basis.
2.3. **PAYMENT FOR SERVICE**

2.3.1. **CUSTOMER RESPONSIBILITY**

The Customer is responsible for payment of all charges for facilities and services furnished the Customer, including charges for services originated, or charges accepted, at such facilities.

2.3.2. **PAYMENT OF BILLS**

2.3.2.1. Customers will either be billed directly by the Company or its intermediary, or charges will be included in the Customer's regular bill pursuant to billing and collection agreements established by the Company or its intermediary with the applicable customer.

2.3.2.2. Unless otherwise specified, all charges for Company-provided services, equipment and facilities, exclusive of usage or transaction sensitive charges, start the day after service is installed, continue through the day service is disconnected and are payable monthly in advance. Charges for usage or transaction related services are payable monthly except the Company reserves the right to require payment of such charges at more frequent intervals.

2.3.2.3. When service does not begin on the first day of the month, or end on the last day of the month, the charge for the fraction of the month in which service was furnished will be calculated on a pro rata basis. For this purpose, every month is considered to have 30 days.

2.3.2.4. In the event a Customer is indebted to the Company for charges and services previously rendered in Colorado, or for service under one or more accounts at the same location, and the Customer does not pay the charges or satisfy such indebtedness, the Company may charge and bill such indebtedness against other accounts of this Customer.

2.3.2.5. In the event that payment from a Customer is less than the total amount of all charges owing to the Company and the Customer does not specifically designate the

2.3 PAYMENT FOR SERVICE

manner in which he wishes to apply said payment, then the Company may apply all or any part of the payments received to such accounts or indebtedness in any manner to jurisdictional services that the Company deems appropriate.

2.3.2.6 Except as otherwise specified, where the rate to be charged for a particular service is determined by applying a percentage of similar factor to a quoted rate, and such computation results in a fraction, the charge for the service shall be computed to the nearest cent, a half cent being increased to the next higher cent.

2.3.2.7 The furnishing of services, equipment and facilities and any indebtedness resulting therewith shall not result in a lien, mortgage or other security interest in any real or personal property of the Customer, unless such indebtedness has been reduced to judgment.

2.3.2.8 Service may be discontinued or refused to a Customer for the nonpayment of any sum for service furnished in the State of Colorado or for the provision of facilities which also have been provided in Colorado.

2.3.2.9 Unless otherwise specified, in the event it becomes necessary for service to be discontinued to a Customer for nonpayment, a written notice of at least fifteen (15) days will be given to the Customer advising the Customer of the amount due and the date by which the same must be paid. If the Customer fails to pay or make suitable arrangements for payment by said due date, the Company may suspend the service or discontinue the service and remove any or all equipment from the Customer's premises.

2.3.2.10 Payment of bills for service may be made by any means mutually acceptable to the Customer and the Company. Payment that is not honored or paid by the payer's designated financial institution will be considered as nonpayment. A returned payment charge is applicable to the account for each occasion that a payment is returned to the Company for reason of insufficient funds or closed account.

2.3 PAYMENT FOR SERVICE

2.3.2.11 Customers may have the following options as to the method of paying bills for Company provided service(s):

• At any Company payment depository location;
• At the office of any authorized payment agent of the Company;
• If by U.S. Mail, by check or money order only;
• Through an agent of the Customer;
• By any means acceptable to financial institutions and the Company,

2.3.2.12 Charges are due and payable at least fifteen (15) days after the invoice date. Payments received by the Company on or before the due and payable date on the Customer's bill will be considered timely, provided the following billing information is remitted with payment and the payment is received within 30 days of the due date:

• Customer's name;
• Customer's telephone number
• Customer's address;
• Customer's Account Code (if applicable);
• Customer's account type;
• Amount of payment;
• Other information as required by the service agreement,

2.3.2.13 Payments received by the Company after the due and payable date on the Customer's bill, but at least one day before the termination date on the suspension notice, may result in discontinuance of the Customer's service unless the following billing information is remitted with the payment:

• All of the items enumerated in 2.3.2.12., and
• The final payment date before discontinuance for nonpayment.

2.3.2.14 The Company will not be responsible if a Customer's service is discontinued after payment has been remitted, unless the payment is timely, as set forth in 2.3.2.12. or, if the payment is not timely, the requirements of 2.3.2.13, have not been met.
2.3 PAYMENT FOR SERVICE (Cont'd.)

2.3.2 PAYMENT OF BILLS (Cont'd.)

2.3.2.15 Disputed Bills

A. Customers may contact the Company via telephone at 877-214-3032 with any questions regarding their bill.

B. Unless disputed, the invoice shall be deemed to be correct and payable in full by the Customer. If the Customer is unable to resolve any dispute with the Company, then the Customer may file a complaint with the Colorado Public Utilities Commission, 1560 Broadway, Suite 250, Denver, CO 80202, telephone: 303-894-2070 or Toll Free 800-456-0858 (Colorado only).
2.3.3. LATE PAYMENT CHARGES

2.3.3.1.1. A maximum late payment charge of 1.5% per month applies to all billed balances that are not paid by the billing date shown on the next bill unless the balance is $45.00 or less.

2.3.3.1.2. Collection procedures, temporary disconnection of service, and the requirements for deposit are unaffected by the application of a late charge. The late payment charge does not extend the time for payment or otherwise enlarge or change the rights of a Customer. Notice of intention to pay late will not avoid this charge.

2.3.3.1.3. The late payment charge does not apply to the following:
- Bills mailed more than ten days after bill date.
- Final bills.
- One time miscellaneous bills.
- Billed amounts under dispute that are resolved to the Company’s satisfaction in the Customer’s favor.

2.3.3.1.4. The Company is entitled to recover from the customer the Company’s cost of collection including reasonable attorney fees.

2.3.4. ADJUSTMENT OF CHARGES

2.3.4.1. Interruptions

2.3.4.1.1. For the purpose of applying this provision, the word “interruption” shall mean the inability to complete calls either incoming or outgoing or both. Interruption does not include, and no credit allowance shall be given for, service difficulties such as busy circuits or other network and/or switching capacity shortages or as further defined.

2.3.4.1.2. The credit allowance will not apply where service is interrupted by the negligence or willful act of the Customer or the failure of facilities provided by the Customer, or where the Company, pursuant to the terms of the Tariff, suspends or terminates service because of unlawful or improper use of the facilities or services, or any other reason covered by the Tariff or as further defined.

2.3.4.1.3. No credit allowance shall be made for interruptions in service due to electric power.
failure where, by the provisions of this Tariff or as further defined, the Customer is responsible for providing electric power.

2.3.4.1.4. Should any such error, mistake, omission, interruption, failure, delay, defect or malfunction of equipment or facilities result in an interruption or failure of jurisdictional service to a Customer for more than eight hours during a continuous 24-hour period after being reported by the Customer or discovered by the Company, whichever occurs first, an appropriate adjustment shall be made automatically by the Company to the Customer's bill. The adjustment, unless further defined, shall be a credit allowance on the monthly bill of 1/30 of the tariff monthly rate for all jurisdictional services and facilities affected by such interruption or failure for each occurrence of more than eight hours in a continuous 24-hour time period after notice by the Customer or discovery by the Company, whichever occurs first. Credit allowances in any billing period shall not exceed the total charges for that period for the services and facilities that are affected by the interruption or failure.

2.3.4.1.5. In addition and not by way of limitation, in the event that there is a delay in installation of service, if any service date is promised, or any failure to service or properly maintain the items of service as provided for herein concerning maintenance or any failure to repair or replace the items of service as provided in 2.3.4.1.4, then the refunds provided in 2.3.4.1.4 shall be the exclusive remedy against the Company.

2.3.4.1.6. Under all circumstances set forth above, the Company shall not be liable to the Customer or any other persons for special, incidental, punitive or consequential damages, losses, expenses, or costs, if any.
2.4. LIABILITY OF THE COMPANY

2.4.1. SERVICE LIABILITIES

THE COMPANY MAKES NO WARRANTIES OR REPRESENTATIONS, EXPRESS OR IMPLIED EITHER IN FACT OR BY OPERATION OF LAW, STATUTORY OR OTHERWISE, INCLUDING WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, EXCEPT THOSE EXPRESSLY SET FORTH HEREBIN.

In view of the fact that the Customer has exclusive control of their communications over the facilities furnished them by the Company, and of the other uses for which facilities may be furnished them by the Company, and because of unavoidable errors incidental to the services and to the use of such facilities of the Company, the services and facilities furnished by the Company are subject to the following terms, conditions and limitations.

2.4.1.1. Limitations

2.4.1.1.1. Except as otherwise provided herein, no liability for direct, incidental punitive or consequential damages shall attach to the Company, its officers, directors, agents, servants or employees, for damages or costs arising from errors, mistakes, omissions, interruptions, failures, delays, or defects or malfunctions of equipment or facilities, in the course of establishing, furnishing, maintaining, rearranging, moving, terminating, or changing the service(s) or facilities (including the obtaining or furnishing of information in respect thereof or with respect to the Customer or users of the service or facilities) in the absence of willful and wanton conduct, whether a claim for such liability is premised upon breach of contract, breach of warranty, fulfillment of warranty, negligence, strict liability, misrepresentation, fraud, or any other theories of liability.

2.4.1.1.2. The sole and exclusive remedy against the Company for an interruption or failure of service resulting from errors, mistakes, omissions, interruptions, failures, delays, or defects or malfunctions of equipment or facilities shall be as follows: The Company shall repair or replace any item of its facilities or defective part thereof at its expense. The Company shall have the option to decide whether to repair or to replace its facilities.

Amended Advice Letter No. 3

The Public Utilities Commission
Filed
Jun 06 2003
By State of Colorado
2.4.2. Transmission

The Company does not transmit messages but offers the use of its facilities, when available, for communications between parties, each of whom is present at a telephone or communications device.

2.4.1.2.1. The Customer indemnifies and saves the Company harmless against claims for libel, slander, or infringement of copyright or trade secrets from the material transmitted over its facilities; against claims for infringement of patents arising from combining with, or using in connection with, facilities of the Company, apparatus and systems of the Customer, and against all other claims arising out of any act or omission of the Customer in connection with facilities provided by the Company.

2.4.1.2.2. Connections with other telecommunications providers

When the facilities or services of other companies are used in establishing connections to points or services provided to Customers not reached by the Company’s facilities, the Company is not liable for any act or omission of the other company or companies and their agents, servants, or employees.

2.4.1.2.3. Defacement of Premises

The Company shall not be liable for any defacement of, or damage to, Customer’s premises resulting from the existence of the Company’s instruments, apparatus, or wiring, on such premises, or caused by the installation or removal, when such defacement or damage is not the result of the negligence of the Company.

2.4.2. MAINTENANCE AND REPAIR

2.4.2.1. All ordinary expense of maintenance and repair in connection with services provided by the Company is borne by the Company unless otherwise specified.

2.4.2.2. Nonrecurring charges do not apply to repair services.
2.4.3. DATABASE ERRORS OR OMISSIONS

2.4.3.1. Notwithstanding any other provisions hereunder, ICI expressly denies any representation or warranty that database records, data, or other information created, utilized or furnished hereunder will be furnished without interruption or free of errors or omissions. In no event shall ICI be liable for claims of damages arising from any such interruptions, errors or omissions.

Issued: 05/15/03
Effective: 06/17/03

By Craig W. Donaldson, Vice President & General Counsel
1601 Dry Creek Drive, Longmont, Colorado 80503

Amended Advice Letter No. 3
2.5. RESPONSIBILITIES OF THE CUSTOMER

2.5.1. LOST OR DAMAGED EQUIPMENT

2.5.1.1. In the case of damage to, or destruction of, any of the Company's equipment, instruments, apparatus, accessories or wiring due to the negligence or willful act of the Customer and not due to ordinary wear and tear, the Customer will be held responsible for the cost of restoring the equipment, instruments, apparatus, accessories or wiring to its original condition, or of replacing the equipment, instruments, apparatus, accessories or wiring destroyed.

2.5.1.2. The Customer is required to reimburse the Company for loss, through theft, or equipment, instruments, apparatus, accessories or wiring furnished to him.

2.5.2. BUILDING SPACE AND ELECTRIC POWER SUPPLY

2.5.2.1. All operations at the Customer's premises will be performed at the expense of the Customer and will be required to conform to whatever rules and regulations the Company may adopt as necessary in order to maintain a proper standard of service.

2.5.2.2. The Customer is required to provide adequate building space, lighting and atmospheric control for the proper installation, operation and maintenance of the equipment and facilities placed by the Company on his premises.

2.5.2.3. When Company equipment, installed on the Customer's premises, requires power for its operation, the Customer is required to provide such power. The Customer is required to provide adequate commercial power, wiring, electrical outlets, and environmentally appropriate conditions necessary for the proper operation of the Company's equipment on the Customer's premises.

2.5.2.4. The Customer is responsible for arranging access to its premises at times mutually agreeable to the Company and the Customer when required for the Company's personnel to install, repair, maintain, program, inspect or remove equipment with the provision of ICI's services.

2.5.2.5. The Customer shall ensure that the equipment and/or system is properly
interfaced with Company facilities or services, that the signals emitted into ICI's network are of the proper mode, bandwidth, power, and signal level for the intended use of the Customer and in compliance with the criteria set forth in this Tariff and that the signals do not damage equipment, injure personnel, or degrade service to other Customers. If the Federal Communications Commission or some other appropriate certifying body certifies terminal equipment as being technically acceptable for direct electrical connection with interstate communications service, the Company will permit such equipment to be connected with its channels without use of protective interface devices. If the Customer fails to maintain the equipment and/or the system properly, with resulting imminent harm to Company equipment, personnel, or the quality of service to other Customers, the Company may, upon written notice, require the use of protective equipment at the Customer's expense. If this fails to produce satisfactory quality and safety, the Company may, upon five (5) days written notice via first class U.S. mail, terminate the Customer's service.

2.5.3. SPECIAL TAXES, FEES, CHARGES

2.5.3.1. Rate schedules of the Company in Colorado do not include any municipal, license, franchise, or occupation tax, costs of furnishing service without charge, or similar taxes or impositions on the Company.

2.5.3.2. The amount paid by the Company to a municipality as a cost of doing business within that municipality under a franchise, or pursuant to a license or occupation tax levied by the municipality, will be added to the bill for service to the Company's Customers within such municipality for the privilege of employment within the municipality shall be so surcharged.

2.5.3.3. The Company shall surcharge municipal levies throughout the State in a uniform manner. Within the first fifteen days following the end of each quarter (i.e., January 15, April 15, July 15 and October 15), the Company will compute the amount of revenue billed for each municipality during the previous three months. The Company will then develop a surcharge factor by dividing the amount of the previous quarter's municipal levy by the previous quarter's service revenue. The resulting surcharge factor will then be applied uniformly to each Customer's service revenue in the next three months' billing periods, and the amount thus derived will constitute the portion of the total municipal levy surcharged to each individual Customer in that municipality.

Amended Advice Letter No. 3 Decision No.
2.5 RESPONSIBILITIES OF THE CUSTOMER (Cont’d.)

2.5.3 SPECIAL TAXES, FEES, CHARGES (Cont’d.)

2.5.3.4 [Reserved for future use]

2.5.3.5 Colorado High Cost Support Mechanism

The Company contributes to the Colorado High Cost Support Mechanism as required under 4 Code of Colorado Regulations 723-2-2840. A surcharge for the High Cost Support Mechanism will appear as a line item on all monthly bills, to the extent applicable.

Monthly Surcharge effective April 1, 2013: 2.6%

2.5.3.6 Telephone Relay Service for the Hearing Impaired

The Company contributes to the Colorado Telephone Relay System as required under 4 Code of Colorado Regulations 723-2-2820. A surcharge for the Telephone Relay Services will appear as a line item on all monthly bills and is assessed on each line.

Monthly Charge Per Access Line: $0.05 (R)
2.6 NIl DIALING SERVICE

NIl Dialing Service is a three-digit local dialing arrangement (excluding 411 and 911) available in specified service areas for the delivery of information and referral services via voice grade facilities as required by state and federal regulators.

NIl Dialing Service is delivered via regular exchange access lines, e.g., individual business lines, trunks, etc. Service is furnished subject to the availability of the NIl number.

Access to NIl Dialing Service is not available to the following services:

1+ Toll Services
101XXXX
Credit Card
Third-Party Billed
Collect Calls
Inmate Service

Operator assisted calls to the NIl subscriber will not be completed.

The NIl subscriber may not directly or indirectly sell or transfer the NIl number to an unaffiliated entity.

Only one seven or 10-digit local number or one 10-digit toll free number may be used as the lead number per basic local calling area.

All requests for NIl Dialing Service must be submitted in writing to the Commission.
2.6 N11 DIALING SERVICE (Cont’d.)

The N11 subscriber shall respond promptly to any and all complaints lodged with any regulatory authority against any service provided via the N11 number. If requested by Company, the N11 subscriber shall assist the Company in responding to complaints made to the Company concerning the subscriber’s N11 service.

Though the use of these services is free of charge, Customers who subscribe to measured or message-rated service will incur standard local usage charges when accessing N11 Dialing Services.

In no event shall the Company be liable for any losses, damages or claims of any kind arising from the provision of N11 Dialing Service or any Customer’s use of such service.

Decision No.
5.1 General Regulations

9-1-1 SafetyNet Services are telecommunications services that permit a Public Safety Answering Point (PSAP) to receive emergency calls placed by dialing the number 9-1-1 or emergency calls originated by personal safety devices. The services include the use of a call management system and facilities required to transport and deliver the call to the appropriate 9-1-1 Selective Routing Tandem.

5.1.1 9-1-1 SafetyNet is offered subject to the availability of facilities.

5.1.2 The 9-1-1 SafetyNet Customer may be a Local Exchange Carrier (LEC), Wireless Services Provider (WSP), or a Telematics-type service provider.

5.1.3 Three types of 9-1-1 SafetyNet service are offered:

5.1.3.1 LEC Emergency Call Support;

5.1.3.2 WSP Emergency Call Support; and

5.1.3.3 Telematics Emergency Call Support.
5.2 9-1-1 SafetyNet Service Features

5.2.1 LEC Emergency Call Support Service

LEC Emergency Call Support Service allows a LEC to connect emergency call traffic to redundant ICI switches with the standard interfaces of CCSS7 ISUP, Feature Group D (FGD), Enhanced Multi-frequency (EMF), and Centralized Automated Message Accounting (CAMA) 9-1-1 trunks. The ANI associated with the originating caller is utilized by the ECN and a call management system to route calls to the appropriate 9-1-1 Selective Routing Tandem. The ECN subsequently delivers the voice call with the appropriate ANI to the 9-1-1 Selective Router for ultimate call delivery to the appropriate PSAP. Default routing, as designated by the Customer and ICI on an individual case basis, is also provided via the ECN.

5.2.2, WSP Emergency Call Support Service

WSP Emergency Call Support Service allows a Wireless Service Provider to deliver emergency call traffic to the appropriate 9-1-1 Selective Routing Tandem via the ECN.

5.2.2.1 Rates and Charges for WSP Emergency Call Support Services:

5.2.3. Telematics Emergency Call Support Service

5.2.3.1. Telematics Emergency Call Support (TECS) Service can accommodate voice only, data only, or voice and data combined. The Telematics service provider will receive the initial emergency call and extend it to the ECN. The unique call-processing configuration utilized by the Telematics service provider will determine the combination of TECS Services necessary for call delivery to the appropriate PSAP.

5.2.3.2. The Telematics service provider may: (1) use the ECN for the transport of voice calls extended from the Telematics service bureau to ICI for delivery to the appropriate 9-1-1 Selective Router Tandem; and (2) forward, manually or electronically, a data message set or datagram with the location information to the ECN, which will deliver the call to the appropriate 9-1-1 Selective Routing Tandem for delivery to the appropriate PSAP.

5.2.3.3. Data-only calls may be extended from the Telematics provider to the ECN. The Telematics provider will forward X-Y coordinates to be used by the ECN to determine the location of the appropriate PSAP. The ECN will deliver the data-only packet to the appropriately equipped PSAP.
